About: The wild jungle on your doorstep

We do a mini survival tour through the wilderness in our own city. The Wilderness starts right on your doorstep. What do I do if I get lost? How can I orient myself? How do I keep warm and what do I do if I get injured? We build a simple compass, light a campfire without a lighter or match, and do many things that are important for survival in the wilderness.

For children aged 6 – 12 years. Please bring something to drink and eat. Wear waterproof shoes and warm clothes!!! Parents and/or reading mentors can accompany the children
